PETITION FOR RULE MAKING

Pursuant to 47 C.F.R. 1.401, Charles Crawford respectfully petitions the FCC to institute a Rule Making proceeding to amend the FM Table of Allotments to add Channel 242A at Centrahoma, Oklahoma.

DISCUSSION

Petitioner respectfully submits that the public interest would be served by allocating Channel 242A to Centrahoma, Oklahoma as that community's first local FM service. Centrahoma, Oklahoma is an incorporated city with a population of 435 people. Centrahoma has its own mayor, Shirley Morgan, its own post office, volunteer fire department, community center and several local churches. Centrahoma is a community that is certainly deserving of local FM service. The proposed channel 242A will provide additional diversity and an outlet for local self-expression to Centrahoma residents and therefore is in the public interest.

Attached hereto is a channel study confirming that Channel 242A can be allocated to Centrahoma, Oklahoma, consistent with the FCC's FM separation rules. See revision of FM Assignment Policies and Procedures, 90 FCC 2d 88 (1992).

Reference coordinates are:

34 34 44 N

96 10 40 W

Should this petition be granted and Channel 242A be allotted to Centrahoma, Oklahoma, Petitioner will apply for Channel 242A at Centrahoma and after it is authorized, will promptly construct the new facility.

The factual information provided in this Petition for Rule Making is correct and true to the best of my knowledge.

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'Charles Crawford', is written over a horizontal line.
